PLAN OF ACTIVITIES

(Under Rule 2(1) (I) and Rule 23(1) of Trade Organizations Rules, 2013, as audited by a firm of Chartered Accountants)

(For the Year 2019 To 2021)

Sr. No.	Activity	Time Frame		Financial Impact	Intended Goals
		Date of Commencement	Date of Accomplishment		
1	To conduct Pakistan Edible Oil Conference every year at Karachi	January	January	Members of APSEA individually register with PEOC at their own	A very useful conference on Edible Oil scheduled every year at Karachi with combined efforts of PVMA, PEORA and APSEA. The same is scheduled to be conducted also every year in future. APSEA is acting as main sponsor of PEOC and all the members participate in the conference. Teams of professionals from Foreign Countries, Agriculture Department, Govt. of Punjab are invited having command on Agriculture techniques to deliver lectures and to demonstrate the practical mechanism.
2	To have meetings with Chairman FBR and Ministry of Commerce regarding proposals for upcoming budget	As the circular for Budget Proposals from FBR issued, the request for time of meeting on the subject submitted to Chairman FBR	The meeting on Budget Proposals should be done well before June each year as per the time for meeting granted by Chairman FBR	The expenses of travelling for meeting at Islamabad are born by members	The members of APSEA contribute billion of rupees to Government exchequer through various taxes. The industry certainly requires the facilities to run itself smoothly. For this purpose meetings with Government officials such as Governor State Bank of Pakistan, Ministry of Commerce, Ministry of Industries, Chairman Federal Board of Revenue are proposed to be conducted during May to highlight the problems of Solvent Industry and to get those problems resolved by submitting the point of view of members through negotiation.
3	To have meetings with Ministry of National food Security & Research and Ministry of Climate Change regarding issues on Fumigation and Department of Plant Protection	As per request for time of meeting submitted to concerned Ministry	As per the time for meeting granted by the concerned Ministry	The expenses of travelling for meeting at Islamabad are born by members	The issue of Fumigation is an important and common issue for Solvent Industry because of which the members bear heavy amount regarding fumigation of a vessel. In this regard various delegations from APSEA conduct meetings with Ministry of National food Security & Research and Ministry of Climate Change for betterment of APSEA members and Solvent Industry.
4	To conduct a campaign to motivate the growers to cultivate Canola crops	January of each year	Till the harvest starts	A message campaign via SMS has been done by APSEA through a proper package of mobile network company expenses of which are born by APSEA approximately Rs. 70,000/-	Govt. of Punjab started a project with the collaboration of APSEA to encourage the cultivation of "Canola Crop" in Punjab under the Khadim-e-Punjab, Kisan Package where a subsidy of Rs. 5,000/- per acre was announced through a procedure laid down by the Punjab Govt. APSEA as a major stakeholder ensured that commodity of growers is lifted on the right time at market rates. To motivate the local growers to cultivate the Canola crop in Pakistan, APSEA with coordination of Govt. of Punjab held a campaign via SMS on mobile numbers of farmers in Urdu language to insure that APSEA members will purchase the Canola seed from growers.

5	To establish the purchase centers for Canola seed under the supervision of APSEA and to ensure prompt payments to growers by the members.	As the harvesting of Canola Crop starts	Till the harvest ends	A panaflex sponsored by APSEA to its members at their Solvent Plants is provided the expenses of which are born by APSEA Rs. 40,000/-	Association has a basic concept to support Government policies introduced for the betterment of Canola seed growers which ultimately would be helpful for economy. It is included in our plan to implement the policies of Government regarding betterment of growers in its true spirit through our members in the industry.
6	To attend the seminars established by Department of Agriculture and Oilseed Department	The seminars are being held through out the year in each month	The seminars are being held through the year in each month	Travelling expenses of APSEA members to attend the seminars are born by members	Department of Agriculture and Pakistan Oilseed Board conduct seminars on different locations in Punjab and they specially invite APSEA members to attend the same. APSEA members participate in the seminars as it gives information, new ideas to growers, foreign specialists related to said departments make speeches.
7	To conduct seminar on U.S. Soybean Processing with collaboration of APSEA and US Soybean Export Council	The schedule of seminar is determined by American Soybean Association in Pakistan	The schedule of seminar is determined by American Soybean Association in Pakistan	Travelling expenses of APSEA members to attend the seminar are born by members	U.S. Soybean Association in Pakistan held a very informative and useful seminar each year at Karachi with collaboration of APSEA in which mostly specialists from USA participate to make speeches and demonstrate useful and informative methods for Soybean crop

NOTE: It is utmost tried that financial burdon on APSEA is the minimum at all levels.
